

Introducing eSignature

A simpler way to sign

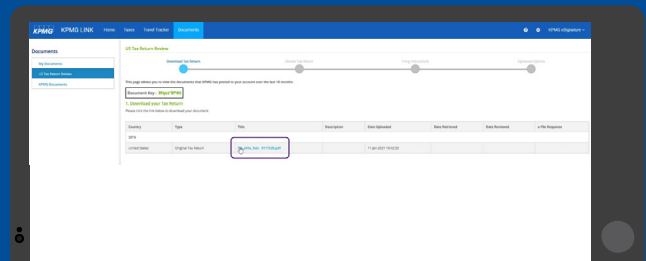

Powered by KPMG LINK Work Force

Taxes are one of the most personal, complex, and time-consuming portions of any global move. KPMG LINK Work Force's new eSignature option removes complexity through an electronic signature and streamlined digital submission process for your tax return. Say goodbye to printing, scanning, and physically signing documents and hello to tax filing on the go!

As easy as 1, 2, 3 Here's how it works:

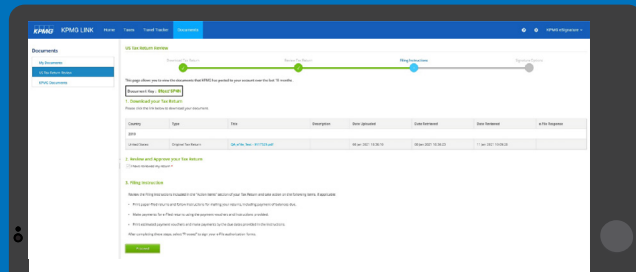

1

Download: Download your return from your KPMG LINK Work Force account using your document key on your computer or mobile device

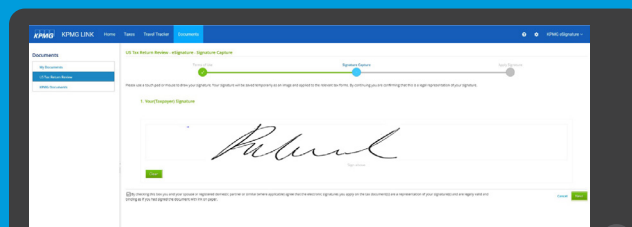

2

Review: Review your return and instructions before being prompted to electronically sign your return

3

eSign: Follow the prompts within KPMG LINK Work Force to eSign and submit your tax return(s)

What this means for you and your employees:

- **Less complexity:** No need to print, sign, and scan documents. Everything can now be done in three easy steps,
- **More transparency:** Employees can track progress through the eSignature process as well as know when their eFile is successfully submitted,
- **Better experience:** Employees can benefit from an experience that aligns with their expectations and how they've filed their own taxes,
- **Needed flexibility:** Your office is wherever you are. Now you can take control of your taxes from anywhere,
- **Faster filing:** Electronic filing offers the fastest way to submit and have a return accepted, putting refunds in your and your employees' hands faster.
